are in full compliance with the already applicable paragraphs of EU Regulation 2025/40 on Packaging and Packaging Waste:

- Article 5:
  All products comply with the restrictions on Substances of Concern. Ranpak holds statements and test reports from our suppliers with regards to our product’s compliance.. Please note that in view of confidentiality Ranpak does not share out any original statements or test reports with our customers, we do however have them available for authority surveillance as needed within 10 days.

- Article 6:
  All products are recyclable. They fully fill the definition of ‘when becoming waste, it can be collected separately, sorted into specific waste streams without affecting the recyclability of other waste streams and recycled at scale’. Evidence of which is available on file within Ranpak BV. Ranpak is patiently awaiting the final EU criteria on recyclability grading, expected in 2028, and will then update these as required.

- Article 10:
  Ranpak provides paper-based packaging solutions that are designed to enable efficient use of material. The exact quantity of packaging applied is determined by the user and depends on the specific application. Ranpak systems support controlled

material usage, allowing users to apply only the amount necessary to ensure adequate product protection.

Ranpak is preparing to ensure that all further requirements under the PPWR can be fulfilled per the upcoming required timelines as from 2028.

As “distributor placing packaging on the market under its own trademark”, Ranpak BV considers itself a manufacturer for the purposes of the PPWR and as such is fulfilling the obligations of the manufacturer under Article 15. Per these requirements Ranpak BV maintains all technical documentation and will keep it together with a declaration of conformity at the disposal of the national authorities.

Furthermore, Ranpak requires its suppliers to inform Ranpak promptly of any changes to the goods supplied by them to Ranpak, that may affect compliance with aforementioned regulation.

Should you have questions or require further clarification, please do not hesitate to contact us.

Yours sincerely,
